Professional Summary

Results-driven Java Developer with expertise in Spring Boot, Oracle Database, and backend development. Skilled in building scalable solutions using J2EE, Servlets, and RESTful APIs. Analytical, problem-solver, and a strong team player with a passion for continuous growth and learning. Eager to contribute to innovative projects and create impactful software solutions.

Skills

Programming Languages:	Java, SQL, PL/SQL, JavaScript
Web Technologies:	HTML5, CSS3, Servlets, JSP, REST APIs
Frameworks & Technologies:	Spring Core, Spring Boot, JDBC, Hibernate/JPA, Bootstrap
Database Management:	Oracle Database, MySQL
Tools:	Eclipse IDE, SQL*Plus, Maven, Git, GitHub

Projects

Hospital Management System | Backend Developer

Technologies Used: Java, Jakarta EE, SQL, Oracle DB, JSP, Servlets

- Developed a web-based system to manage patient records, appointments, and staff details.
- Implemented backend logic and CRUD database operations using Servlets, JSP, JDBC, and Oracle Database.
- Deployed and tested the application on Apache Tomcat.

E-Commerce Management System

Technologies Used: Java, Servlets, JSP, JDBC, HTML5, CSS3, Oracle Database, Apache Tomcat

- Developed an e-commerce web application with Admin and Customer modules for product and customer management.
- Implemented product CRUD operations, customer registration/login, product viewing, purchasing, and payment functionality using Java Servlets, JSP, and JDBC.
- Followed a DAO-based architecture and integrated Oracle Database for storing and retrieving application data.

TRAINING & PRACTICAL EXPERIENCE

Java Developer Trainee — Naresh IT Technologies, Hyderabad

● Completed 100+ hours of hands-on training in Core Java, JSP, Servlets, and JDBC, including live project sessions covering backend development and Oracle SQL database connectivity.

● Built and debugged 5+ working Java modules under guided mentorship, strengthening practical coding and problem-solving skills applicable to real-world backend development.

Education

Master of Computer Application (MCA)	Sant Gadge Baba University, Amravati	2023 — 2025
Bachelor of Computer Application (BCA)	Sant Gadge Baba University, Amravati	2020 — 2023
